Final Warrior quest is a parody JRPG. Developed entirely in Japan, thus making it a true Japanese Role-Playing Game. Recognizing the inherent foibles of the genre, Final Warrior Quest has tried to mitigate the annoyances while utilizing a humorous tone.

Features:

- turn-based RPG combat system
- 4-7 hours of gameplay
- original music that fits the style of 80s-90s JRPGs
- comedic fantasy setting
- weapon & armor crafting
- near-meaningless class system
- random encounter toggle
- XBox 360 controller compatible
